

## That Lame back Meas. Kidney Disease

And to Relieve the Lame and Aching Back,  
You Must First Relieve the Kidneys

There is no question about that, at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt. They regulate, purify, and effectually heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid.

For Sale by all druggists.

### A Few Penning Paragraphs.

Dear Intelligencer:

Our present Mayor is not "Young."

Be careful when you visit "Hix Bros." If you get ugly they might take you in the corner basement and give you a "Drummond."

Next door to "Venable's" they have a nice place and it is not "Barron" of good things to eat. If they had sleeping rooms they certainly would comply with the Glover Branch law and have on their beds "Sheets" nine feet long.

The idea of getting into a mud hole and "Stalling" don't go with me. Levy Bullard has as much right to do that as he has for a telephone.

We all like good pictures and photographs. Now in looking over the samples don't be frightened if you see a "Coffin."

You can have a "Royal" good time looking over the stock in toyland at the Racket Store. In colors you can select a "Rose" or a "Green" or if you prefer a fish from the "Claybrook," they will be pleased to show you. The goods are all marked in plain figures. You don't have to ask the "Price." So take the children, "Fred and all," put your cash in the little cup, touch the spring and it won't "Miss Carrie." With these favors let us call "Wils Sons" and if you desire you can "Neale" and give thanks.

Loomis has some pretty landscapes but if you look in the bank you can see "Ireland." Step with me up stairs. You can see a "Cat run." Sometimes they raise "Harry" and that is not "Aull." If you joke with Doc Eckle you had just as well hunt your "Graves."

On the corner there is "Crenshaw." He is not "Young." I have seen a "Walker" in there and it was not Weston either. You can at times find a "Sawyer" there without going to a sawmill.

If you want a pair of shoes don't go to a "Farmer" nor to the postoffice to find a "Tailor" nor to Venable's. They might "Cheatham."

There is a corner in this town you can see "Walk" and another corner where if you don't walk you will get a "Hammer."

It is not good taste to eat mackerel raw, they are too "Briney."

You may deposit your money in Commercial Bank. They will treat you right and pay fair interest, but before you a "Bandon" them they may offer you "Bates."

"Hinesley" in his new quarters is so "Neet" and clean you have to go across the street to find a "Roach."

Too many people should not get in the post office. You might "Crowder."

In Gratz's there is no one extra tall or large except "Ike"

and he is not "Timey."

If you haven't enough head get "Moorehead."

If you like automobiles better than carriages or buggies, they come high and you will have to "Russell" to get one.

"Graham" flour makes good bread. At the same time you can get a meal on Broadway for a "Nickell."

It's no use to offend your lady friends. I would rather "Seiter" at a distance and "Foster" her good will than to be a "King."

If you go on Franklin avenue and "Peak" around the corner you may see a "Campbell" and go to the other corner look through a "Hall" you will see an "Eagle."

You will have to get an automobile if you expect to "Cope" with other doctors.

Our Sheriff says the Earl of "Stier" and the Duke of "Ladenson" have some handsome neckties, but the Sheriff has a necktie and if he ever has occasion to use it on you, he will feel as proud as a "Peacock," for he says when he puts it around your neck the sensation you feel is like descending the elevator he built for you. One advantage in this necktie—you use only one in a lifetime.

Wishing all a happy Christmas and a prosperous New year.

Yours truly,  
Geo. Platt.

Friends of Hon. W. S. Cowherd all over the State are planning to give him an ovation at the Kansas City meeting of Democrats on January 8, as a means of showing their appreciation of the brilliant campaign he made for Governor. There is not today a more popular man in the Democratic party in Missouri than Will S. Cowherd, and though he went down in defeat with other good men in his party, he added to rather than lost, friends by his defeat. It is safe to predict that should Mr. Cowherd again offer himself as a candidate for any place within the gift of the people of this State he would be most enthusiastically supported by the great majority of his party—Glasgow Missourian.

### Stockholders' Meeting.

The stockholders of the Lexington Savings Bank will hold their annual meeting at the banking house of said bank on Wednesday the 12th day of January A. D. 1910, at nine o'clock a. m. for the purpose of electing directors for the ensuing year and the transaction of such other business as may become before said meeting.

Walter B. Waddell, Pres.  
F. Lee Wallace, Sec.

Wesley Bartlett was in Higginsville Friday transacting business.

Robert Webb went to Higginsville Friday to see old Santa.

Payton Tabb transacted business in Higginsville Friday and while there called on a lady friend.

Mike and Austin Mulhearn transacted business in Higginsville Friday.

Robert Chamblin was in Higginsville Thursday on business.

Frank Brown had business in Higginsville Friday.

James Page was in Higginsville Friday transacting business.

James Blevins and Wilson Stapleton were in Higginsville Friday transacting business.

Joe Neal was in town Friday on business.

### Mother Euler Dead.

After an illness of about a week's duration, grandmother Euler was called home by her Savior. She died in this city on Saturday evening, December 11, at an age of 89 years, 9 months and placed to rest in the cemetery of the Evangelical St. John congregation near Concordia, after funeral services, conducted by Rev. G. F. Kitterer, had been held at the Evangelical Bethel church.

Her's was a long and eventful life—Grandmother Euler was known by almost everybody in Concordia and vicinity. Her maiden name was Catherine Elizabeth Wendel. She was born February 15, 1820, at Malzfeld, near Melzingen, Hesse-Cassel, Germany. When she was twenty-six years old she married Justus Schnaudt; the union was blessed with one son, Johann, who lives now in Germany. After the death of her husband, she married again at the age of thirty-seven years, when she followed Jacob Euler to the altar. They came to the United States in 1872. Besides the son mentioned her death is mourned by her daughter, Anna, Mrs. Claus Gerken of near Emma, a step-daughter, Catherine, Mrs. Antonio Monengali, six grandchildren and seven great-grandchildren. Mother Euler, who was one of the oldest inhabitants in this neighborhood, moved to Concordia in 1900 and lived here until she a weary pilgrim, was called to rest.—Concordian.

Hadley, Dickey and Warner are still in the primary stages of their triangular worrying contest over the United States senator job. Hadley and Dickey are bothered because they can not come to any final conclusion as to whether one, both or neither of them shall oppose the "Majah" for the nomination. And "Wee Willie," who is now nominally filling the office to which he wishes to succeed himself, is "seceded" because it is a habit he contracted years ago and from which he has never weaned himself. This triumvirate is granted time ad infinitum—it is only a shadow that they are worrying about. We are going to have a senator who will represent the Missouri idea, and he will be elected by a Democratic legislature. And that, Mr. Deering is something more that you can include in your hogwash and send out to your weekly feeders who didn't know whether Missouri was a state or territory until Hadley was elected governor.—Cass County Democrat.

## Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone, weak or strong though they may be, for the object is simply to move the bowels, and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks—people who must necessarily be careful of what they take.

It is a liquid laxative tonic and admittedly the greatest stomach, liver and bowel remedy before the American people. The price is only 50 cents or \$1 a bottle, as it comes in both sizes, and all druggists sell it. Its pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such like digestive complaints. Its use for a short time will remove the trouble entirely so that future medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the experience of many heads of families, like Mrs. Brannan, of Alvarado, Va., Mrs. K. L. Stout, of Louisville, Ky., and numerous others; in fact, way out in Williams, Cal., as Mrs. J. E. Blackmore, of that place, writes, "the whole town seems to be using it."

If the remedy is new to you and you want to make a trial of it before buying, send your name to the doctor's address as below and a free test bottle will be sent you. Then, if results are satisfactory you can buy it of your druggist.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

## Navy Department Reorganization.

Since the new plan for the reorganization of the administration of the navy is described by its sponsors as "tentative," they evidently expect that experience will suggest some modifications. This being the case, we have no wish to indulge in what might seem to be captious criticism; for we believe that the Secretary has given his indorsement to the present plan only after a very serious consideration of its utility. Furthermore, we have personal reasons for believing that many of the naval officials who have taken an active part in the recent criticisms and discussions are weary of the protracted controversy and are anxious to welcome any plan which gives promise of harmonious and economical administration.

Surely, if special boards have done anything to solve the problem we ought by this time to have reached a clear road. The Sperry board, the Lentze board, and lastly the Swift board were appointed, made their investigations, and duly reported to the Secretary. The present scheme, may, therefore, be taken to represent the combined wisdom of the many selected experts who have passed upon the subject.

On one point, however, we do doubt most strongly the wisdom of Secretary Meyer's proposed scheme. We refer to the proposal to take the administration of the navy yards out of the hands of the naval constructors and the sea-going officers. Look at the matter as we will, this move seems unreasonable as to the transatlantic ships, and place the control of the yards in which these ships were built. Our sea-going officers have not the experience or the special technical and mechanical knowledge to qualify them for the position of "works managers." An officer may have a perfect genius for naval strategy and tactics; he may have the most intimate knowledge of seamanship in its broadest sense, of navigation, and in short, of everything that has to do with the management of a warship when she is in commission, and yet be a very poor mechanic, and have only a very hazy idea of shop and yard management.

If it be necessary—and we believe it is—for the present scheme of reorganization to receive the sanction of Congress, we trust that body will make a very exhaustive investigation of this phase of the question. The Newberry scheme, which has now been for about a year in successful operation, established the naval constructors in practical charge of the administration of the yards, subject to a commandant; it created a single payroll, and placed the care of buildings and grounds, and of all the work coming under the head of civil engineering, under a single manager. The number of separate shops was greatly reduced, and the officers in charge of the various shops were practically inspectors of the work done for their several bureaus. The work of the yards was greatly simplified, expenses were reduced, and there was a great all-round efficiency. We trust that Congress will modify the proposals of the present scheme as far as they affect the navy yards, and permit them to be run under the present admirable plan. If this modification be made, we believe that Secretary Meyer's reforms will prove to be lasting benefit to the navy.—Scientific American.
